

MEETING NOTES

Wednesday March 20

NOTES:

1. Performance scheduled for 6:45 & 8:15 on Wednesday December 18. Our trip will be from Monday December 16-Friday December 20.
2. We have decided to not visit a waterpark on our visit. This will allow us to maximize our time in the theme parks.
3. Star Wars: Galaxy's Edge is arriving at Hollywood Studios. You can find videos and info online for this exciting 14 acre addition to DisneyWorld. Mr. Card will be getting our group a reservation for this park as soon as reservations open up. There isn't an additional cost for this.
4. We discussed how much time we will spend in each park. We agree that we will be at Hollywood studios for a morning/afternoon, Magic Kingdom for at least one full day plus an evening visit, Animal Kingdom for a morning/afternoon and Epcot for half a day.
5. Consensus is that we should take a later flight home on Friday so we can add additional time in the parks. This will add \$60 for the additional ticket and lunch. This will be broken down for the rest of the monthly payments, which will add \$10/month. Starting in April monthly payments are now \$145 instead of \$135.
6. Great news: We have our Resort booked - All Star Movies Resort. The price for resorts has gone up and they are selling out. But, we have our reservation secure and we are locked in at a rate that is lower than it will be in one month.
7. Students will get their My Disney Experience Account in September. 60 days prior to our park visit you will be able to reserve up to 3 Fastpasses per day. You will want to coordinate with your friends to do this.
8. Please complete your Rooming List Request by Friday March 22.
9. Due to increased demand park tickets have gone up in price and resort cost has gone up. At this point the cost per person is over \$1,400. If our group fundraising goals are met your cost will be fixed at \$1,275. It will not go below this.
